based contracts. MPS specialist members are realizing more referrals from our primary care providers who recognize the quality and efficient care our specialists provide.

It is critical that our members refer to each other so we know that our patients are getting the best care at a reasonable cost.

Congratulations to all our members for achieving shared savings in Anthem and ConnectiCare for 2015. Our results for 2016 will be shared in late Spring or Summer 2017 as payers reconcile all claims data and quality goals.

The Board of Directors and the management team encourage all practice members (physicians and staff) to engage with the MPS staff as they visit your offices. MPS team members are there to support your efforts to be successful in all of our value based contracts.
