MPS partners with PQRSwizard to provide discounted reporting

Medicare's Physician Quality Reporting System (PQRS) is a quality reporting program with negative payment adjustments if you do not report.

Up to 6% of your Medicare payments are at risk

For the 2016 reporting year, eligible providers who satisfactorily participate in PQRS will avoid the 2018 payment adjustment of -2.0%, an adjustment that will be compounded further by the value-based payment modifier payment adjustment of -4% depending on group size.

Did you know

...according to CMS beginning January 1, 2016 medical practices that met the minimum reporting requirement and reported high quality, and low cost receive an upward payment adjustment of "+31.84%" or "+15.92%" on each claim because they successfully reported PQRS in 2014?

MPS offers the **PQRSwizard**, a cost-effective online registry to collect and report quality data for the 2016 PQRS program. Please find more information by viewing [our informational brochure](#) or [our unique partner website](#).

Welcome Tammy Hendricks to the MPS

Management Team!

It is our pleasure to introduce the newest member of the MPS Management Team - Ms. Tammy Hendricks, Membership Development Associate.

Tammy is a graduate of the University of Connecticut where she earned a B.S degree in Allied Health Sciences. With her knowledge of practice based healthcare delivery and science she has successfully provided insightful pharmaceutical customer service to physician and nursing providers that are committed to quality care and patient satisfaction. During this time, she has worked with medical offices and physicians in various specialties throughout the State of Connecticut.

Tammy has brought her customer service skills and knowledge of physician practices to her current role as Membership Development Associate here at MPS. She serves as a liaison between MPS and the provider members to further assist them in leveraging support of the MPS Care Coordination services to improve the value of care provided by MPS member practices. Tammy will develop and maintain relationships with our members while providing customer service and educating them on the other benefits and services MPS has to offer.
